WHY LEASE? EVERGREEN FROM INTERFACEFLOR

For businesses moving or refurbishing existing space, budgets are often tight and limitations can result in projects being downsized or downgraded.

Leasing is an ideal way to overcome budget issues as payments are fixed for the period, helping you to budget effectively and manage your cash flow efficiently.

InterfaceFLOR has teamed up with Plus Finance to offer 'Evergreen', a complete leasing service. Plus Finance is the UK's leading finance company in the office furniture and fit-out market.

Evergreen is an alternative way of acquiring your flooring from InterfaceFLOR. This option allows you to spread cash flow over the full life of the installation, so that instead of large initial capital expenditure there is a simple monthly payment.

This 'industry-first' full service deal can include the following elements:

- ▶ Lease on the carpet material
- ▶ Initial carpet installation
- ▶ Tile renewal and replacement
- ▶ Renovations furniture lifting system
- ▶ Flexibility to reconfigure the interior scheme during the life of the lease
- ▶ 'End of Life' carpet responsibility where InterfaceFLOR recovers the product for repurposing (recovery, reuse and recycling), thereby diverting material from landfill

Evergreen simplifies the whole issue of flooring management, and does it in a way that helps clients to become more sustainable.

- ▶ No large initial capital expenditure
- ▶ Easy monthly payments
- ▶ Easier budgeting and a straight forward menu pricing system to customise the lease arrangement to suit your needs
- ▶ Management of cash flow
- ▶ Flexibility to add to the lease as necessary, conserving capital and preserving existing borrowing power
- ▶ Rentals are 100% tax allowable, which means leasing can work out cheaper
- ▶ Payments come from a revenue budget as opposed to a capital budget, thereby spreading the cost
